Rape is an act of sexual penetration of a victim without their consent. Rape occurs when:

- Someone inserts their genital organ into the mouth, anus or genital organs of a victim.
- Any part of someone’s body (e.g., a finger) goes into the anus or genital organs of the victim.
- Any object, like a bottle or stick, is put into the anus or genital organs of the victim.
- The genital organs of an animal are put into the mouth, anus, or genital organs of the victim.

What is the legal definition of rape?

- Intimidated, forced or threatened in any way, through violence or threats of violence against you or someone you love, or damage to your property.
- Manipulated by someone who abuses their power or authority. For example, if someone tells you that you will lose your job or receive poor marks at school if you do not have sex with them.
- Lied to by a doctor or other health-worker who tells you that a sex act is part of a physical examination, or is necessary for your mental or physical health.
- Asleep.
- Unconscious.
- Under the influence of drugs or alcohol.
- A child under the age of 12.
- A person with a mental disability.

You have NOT consented to sex or sexual activity if you are...

- Asleep.
- Unconscious.
- Under the influence of drugs or alcohol.
- A child under the age of 12.
- A person with a mental disability.

What does consent look like in real life?

- Paying attention to a partner’s body language (are they tense, hesitating, seeming uncomfortable?)
- Asking for a partner’s permission for each sexual activity.
- Listening and respecting the answer.
- Consent doesn’t have to be verbal, but verbally agreeing to different sexual activities can help both partners respect each other’s boundaries.
- Consent to one activity does not mean consent for all activities. For example, agreeing to kiss someone does not give that person permission to remove clothes.

Consent matters because...

- Your body is YOUR BODY. You have the right to say what happens with your body, with whom, when and how.
- You always have the right to change your mind, at any time.
- Sex without consent is not sex. It’s rape.

Understanding forms of rape and sexual violence

Rape is terrifying, traumatic and has life changing consequences. It's important to be aware of the different forms of rape and sexual violence.

- **Sexual abuse** refers to any action that pressures someone to do something sexually they don't want to do.
- **Sexual coercion** is when tactics like pressure, trickery, drugs, alcohol or emotional force are used to have sexual contact with someone against their will.
- **Molestation** occurs when an adult or person significantly older than a child engages in sexual activity with a minor. The abuse can be over an extended period of time, or a one time incident, and includes touching, fondling, kissing in a sexual manner, oral sex, masturbation, sexual penetration of the anus or vagina.
- **Intimate Partner Rape/Intimate Partner Sexual Violence (IPSV)** refers to behavior within a relationship that causes sexual, physical or psychological harm. This includes acts of physical aggression, sexual coercion, psychological abuse and controlling behaviors.
- **Acquaintance rape** is rape that is perpetrated by a person the victim knows. This includes someone the victim is dating, a classmate, co-worker, employer, family member, spouse, counselor, therapist, religious official or medical doctor.
- **Date rape** is a form of acquaintance rape that can happen during a date or at a party with someone the victim may know, like, or even be interested in. Drugs and alcohol are sometimes used to weaken the victim or make the victim pass out.
- **Compelled Rape** occurs when one person forces another to sexually penetrate someone else against their will.
- **"Corrective rape"** refers to when perpetrators target victims based on the victim's perceived sexual orientation. This is the rape of lesbians, gays and trans people. Since term "corrective rape" suggests the need to correct sexual orientations, the term "homophobic rape" or "gender and sexuality-based rape" are preferred terms.
- **Statutory rape** occurs when children between the ages of 12 and 16 experience sexual penetration into their genitals or anus by anyone more than two years older than them.

Myth: She got raped because she wore a short skirt.
Fact: Rape is never the victim’s fault. A victim must never be blamed for rape. Perpetrators make the choice to rape and they are to blame. Rape is an act of violence. (National Child Traumatic Stress Network)

Myth: Men and boys don’t get raped.
Fact: People from all walks of life across age, gender, sexuality, race, cultural background can be victims of rape and sexual abuse. A majority of male survivors were assaulted when they were children or teenagers, yet any man can be sexually assaulted regardless of size, strength, sexual orientation, or appearance. (Step Up Program)

Myth: He is your boyfriend so it's not rape.
Fact: Nearly 1 in 10 women have experienced rape by an intimate partner in their lifetime. Consent must be given every time people engage in sexual contact. (National Child Traumatic Stress Network)

Myth: If a man rapes a lesbian, he changes her sexual orientation.
Fact: No, a perpetrator has no control over a victim’s sexual orientation. Rapists use rape as a weapon to harm and intimidate people who do not live according to their way of life. (Rape Crisis - Cape Town Trust)

Myth: Rape only happens with strangers.
Fact: Most rapes are committed by someone that the victim knows. (Women Against Rape)

Myth: Rape always involves a physical struggle.
Fact: Rape does not always involve a violent struggle. When someone does not resist an unwanted sexual advance, it does not mean that they consented. Sometimes physically resisting can put a victim at a bigger risk for further physical or sexual abuse. (Love is Respect)

Debunk the Myth, Speak the Truth

Myth: "Corrective rape" refers to the rape of people who are not heterosexual.
Fact: Rape is not about changing sexual orientations. Rapists use rape to harm and intimidate people who live according to their way of life. (Rape Crisis - Cape Town Trust)

Myth: Rape is not as prevalent as it is made out to be.
Fact: Rape is a major public health issue that affects a large number of people in South Africa. (Women Against Rape)

Myth: "The rapist always gets away with it."
Fact: Rape is punishable by law. Rapists can be convicted in court. (South Africa Agencies)

Myth: "Rape always involves a violent struggle.
Fact: Rape can be non-violent. Sometimes physically resisting can put a victim at a bigger risk for further physical or sexual abuse. (Love is Respect)

What does consent look like in a healthy intimate partnership?

- What can go wrong when partners don’t ask for consent?
- If a partner says yes to sex, can he or she change their mind in the middle of sex?
- When a partner gives a gift, like money, does the other partner “owe” sex?
- What are the signs when an intimate partner is being controlling or sexually abusive?

Remember. Rape is an act of violence NOT passion.

REMINDER: Rape can be a sensitive and triggering topic. The resource sheet can be used to help refer people to hotlines, supportive services and more information. We encourage the Youth Facilitator to locate the contact information of a local social worker.

Vox Pop
Vox pop aim: To get many opinions on one topic.
Who do you talk to: Anybody from the community.

Question: How do you know when your partner consents to sex?

Audio commentary
Audio commentary aim: To get people’s opinion about a topic that they care deeply about.
Who do you talk to: Youth in the community who use consent effectively with their partners.

Audio profile
Audio profile aim: To get a first person account of someone’s experience, passion and journey. Audio profiles often aim to inspire.
Who do you talk to: Talk to a local social worker, family counselor.

Questions to ask to get the person thinking before they record their profile:

- What have you learned in your time supporting and working with survivors of intimate partner rape?
- What were the steps to survivors healing?
- What advice would you share with someone who is uncomfortable talking to their partner about consent?
- What can someone do if they suspect someone they know is a victim of intimate partner sexual violence? Who can they call for professional support?

PSA
The aim of a PSA: To create a public awareness message.

1.
Voice 1: My darling, I got you something…
Voice 2: A new phone?! Thank you! My friends are gonna freak out when they see it tonight.
Voice 1: You’re not gonna stay in and give me some sugar?

Character: You never owe someone sex or affection in exchange for gifts or favors. Consent is yours to give, not for someone else to buy.

2.
Voice 1: Hey pretty girl, I see you walking in that short dress! Oooooo the things I’d do to you!
Voice 2: My friend, chill out. You’re embarrassing yourself and me. She’s doing her own thing. Stop trippin.
Voice 1: She wouldn’t be wearing that if she wasn’t asking for it.

Character: The dress does not mean, “yes.” What you wear and how you wear it does not give consent. Neither is it an invitation.

To test knowledge of the audience through a competition with prizes for the winner(s).

**Examples of True or False quiz questions:**
- Rape survivors often know their rapist - TRUE
- Rape is about sex - FALSE
- There is a right way and wrong way to react if you are raped - FALSE
- Sometimes rape survivors ‘asked’ to be raped - FALSE
- What people do if they suspect someone they know is a victim of intimate partner sexual violence - FALSE
- Who can they call for professional support? - TRUE

**Impact Jingle**

**Impact Jingle aim:** A jingle is a short song or tune that is easy to sing along to and remember, and it has a clear message.

**Roleplay**

**Roleplay aim:** To provide a scenario that allows the audience to “act out” a point about the impact statement. Decide how many characters are needed and set the scene for the ‘actors’ to play out the statement. It is really an improvisation, and the audience ‘actors’ make it up as they go along.

**Examples of Scenarios:**
- Xoliswa has plans to meet up with friends to celebrate the end of their final exams. That night she receives a new phone from her boyfriend. He says she owes him some ‘sugar’ and must stay home.
- It’s a hot day and a group of schoolboys catcall a young girl passing them on a corner. She is wearing shorts and a T-shirt and one of the boys says her outfit is like she is ‘asking for it.’
- It’s the morning after Khanya was at a friend’s party. Her body feels bruised and she has the feeling that she was raped but is unsure. At the party she got very drunk and passed out on the couch. When she woke up her pants were pulled down. She doesn’t know what to do.

**Interview**

**Interview aim:** An interview is a one-on-one conversation where questions are asked by the interviewer and answers are given by the interviewee.

Who do you talk to: Talk to a local social worker or a family counsellor.

**Examples of interview questions:**
- What have you learned in your time supporting and working with survivors of intimate partner rape?
- What were the steps to their healing?
- What advice would you share with someone who is uncomfortable talking to their partner about consent?

HOST 1: Guys, this information is so important. Rape can happen in a relationship and is not just done by a stranger. We must remember that people. There is no shame if you have been raped in a relationship. If it happened to you, it’s not your fault, no matter the circumstances!

HOST 2: Absolutely! Let’s help rape survivors by not contributing to their ‘second rape.’ That means asking questions that make them relive the trauma. Remember, rape is not the victim’s fault!

HOST 1: Now let’s clear up those myths about rape with a quiz and see how much you know. Ready? Let’s go!
An outreach outline is a map to help you stay on track during your event. It is a list of the items and the order in which they will happen in the outreach activity. Allocate a time to each item so that you keep to the time allocation of the outreach activity.
